

# Cybersecurity Resume Template

**PLEASE NOTE:** This is a template only; please do not request edit access. In order to modify it, either make a copy or download the file type of your preference.

**Directions:** Please find the resume template that matches your work experience. Use that template to develop your technical resume.

**\*PLEASE NOTE\*** Do NOT use the italicized font - italicized font is only used here for directive purposes. Your resume should be in **BLACK FONT ONLY** for ATS purposes.

**Regarding Resume Length:** It is fine to go over one page in order to include critical information that is relevant to the role you are applying to. Please do not leave out information included on the template for fear of going past one page.

**Professional Integrity:** All participants are expected to exhibit the highest level of personal and professional honesty as they engage in our programs and with our shared resources. You must always submit your own work rather than that of another participant or internet source. The following templates are meant to provide practical examples. **Do not include phrases or sentences directly from these samples in your resume.** When in doubt, consult your career team.

## Education

**Boot Camp Certificate:** *University, City, ST [Boot Camp should be listed first if it is the most recent]*

An intensive 24-week long Boot Camp dedicated to XXX. Skills learned consist of Wireshark, Kali Linux, Metasploit, Burp Suite and training towards Security+, Network+, and CISSP. *Program Summary optional.*

**Degree or Certification:** *School, City, ST*

# Miscellaneous

Your resume's **Summary** section can also use bullets instead of a paragraph. Bullets are a great way to showcase accomplishments, recognitions, and relevant strengths to viewers.

## Summary

- Analytical, diligent Cyber Security Specialist with a passion for aligning security architecture with security standards and operational goals.
- Professional approach to streamlining client services and pinpointing global system security solutions.
- Adept at adjusting work pace to meet evolving client needs and deadlines.
- Prepared to excel at solving complex problems.
- If you have any type of employment gap consult your Career Team.

## How can I prioritize relevant experience that precedes my most recent roles?

Try creating two sections - **Relevant Experience** and **Additional Experience**! This will allow you to bring your most relevant experience to the top and emphasize that to viewers. Your other work experience (going back to 10 years altogether) can also be listed below as Additional Experience, but doesn't require the additional description and bullets.

## Relevant Experience

**Title of your role**

Year – Year

**Company Name**

City, ST

*Add a brief description here of your responsibilities; utilize transferable skills (e.g. communication, critical thinking) to correlate with the role of interest. Use present tense verbs for current roles and past tense verbs for previous roles to begin sentences (be consistent with verb tense for each role).*

### Key Accomplishments:

- *If applicable, bullet-point 2-4 key value-adds or recognitions, i.e., awards, nominations, special assignments, leadership, praise, etc.*
- *Where possible incorporate quantifiable details (\$, %, time, team size).*

## Additional Experience

**Title of your role**

Year – Year

**Company Name**

City, ST
